

## IMAPS conference – 1st poster award for Annica Brandenburg

Cracow, Poland, Sept. 24, 2013

Ms. Annica Brandenburg received the 1<sup>st</sup> poster prize of the 37<sup>th</sup> *International Microelectronics and Packaging IMAPS Conference*, Cracow, Poland 22.-25. Sept. 2013. Her poster "Optimization of a miniaturized ceramic differential scanning calorimeter device" was co-authored by J. Kita and R. Moos of the Department of Functional Materials and by E. Wappler of wsk Mess- und Datentechnik.

64 posters were on display dealing with sensors, devices and technological aspects of tape and thick film technology as well as with materials and reliability aspects for electronic materials.
